Field Crew Surveyor

About The Position

CEA's South Burlington, VT office, is seeking a survey crew member to join its Survey Department.

Responsibilities

- Assist in the completion of accurate field surveys using GPS, total stations, and other surveying equipment.
- Perform topographic, boundary, construction staking, and as-built surveys.
- Collect and record precise field data for use in mapping and design.
- Work collaboratively with the survey team and project managers to meet project deadlines.
- Ensure safety protocols and quality standards are upheld during all fieldwork.
- Maintain and calibrate surveying instruments.
- Communicate effectively with clients, contractors, and team members.

Skills and Attributes

- Strong attention to detail and excellent problem-solving skills.
- Ability to interpret engineering and survey plans.
- Effective communication and teamwork abilities.
- Proficiency with modern surveying technology and software (e.g., AutoCAD, Civil 3D, or similar).
- Physical fitness to work outdoors in varying weather conditions and terrain.
- Time management skills to handle multiple projects effectively.

Qualifications

- High school diploma or GED (Associate's or Bachelor's degree in Surveying, Engineering, or related field preferred).
- Minimum 2 years of experience in field surveying (or entry-level candidates with strong potential).
- Valid driver's license with a clean driving record.

What We Offer

- Competitive salary and benefits package.
- Opportunities for professional development and advancement.
- Collaborative work environment with cutting-edge technology.
- Engaging and impactful projects in the region.
